

Satisfactory Academic Progress

Grading System

Grade reports are issued to students at the completion of each term. Grades are based on the quality of work as shown by learning deliverables as indicated on the course syllabus. Earned quality points are calculated for each course by multiplying the grade point value for the grade received for the course by the credit hour value of the course. For example, a 4-credit course with a grade of B would earn 12 quality points [credit value of course (4) multiplied by quality point value of B (3)]. The Cumulative Grade Point Average (CGPA) is calculated by dividing the total earned grade points by the total attempted credits.
